MITEC RECEIVES \$3 MILLION ORDER FROM MAJOR TELECOM PROVIDER

Montreal, May 20, 2008 - Mitec Telecom today announced that it has received a \$3 million order for its wireless solution products from a major telecom provider. Deliveries will take place over the next three to six months.

"This order provided further validation of the growth potential for our exciting wireless technologies in the marketplace," said CEO Dan Piergentili. "With the continued expansion of global wireless networks, our product line is well positioned to generate interest from major wireless vendors. Our strategy of designing efficient and robust solutions to enhance our customers' system performance is paying off. I am confident that Mitec's products will continue to exceed customer expectations and I look forward to filling more new customer orders throughout the year," Piergentili said.

About Mitec Telecom

Mitec Telecom is a leading designer and provider of radio frequency (RF) products for the telecommunications and satellite communications industries, as well as a variety of other sectors. The Company sells its products worldwide to network providers for incorporation into high-performing wireless networks used in voice and data/internet communications. Headquartered in Montreal, Canada, the Company also operates facilities in California and China. Mitec Telecom Inc. is listed on the Toronto Stock Exchange under the symbol MTM. On-line information about Mitec is available at www.mitectelecom.com.
