MITEC TELECOM LAUNCHES MANDARIN WEBSITE

Montreal, May 26, 2009 - Mitec Telecom Inc. ("Mitec") (TSX: MTM), a leading designer and manufacturer of mobile wireless, fixed wireless, broadcast and satellite components launched a new, Mandarin-language website today which can be accessed at mitectelecom.com.

Mitec, which has been doing business in China since 2002, expanded its operations in April, 2008 when the company moved to a larger manufacturing facility in Suzhou, an area that is home to many of China's premier high technology development enterprises. The Suzhou facility has allowed Mitec to operate with lower manufacturing costs and improved margins.

"Our new Mandarin website reflects Mitec's commitment to doing business in China as it will allow us to service the local market much more effectively", said Mitec CEO Dan Piergentili. "China is an extremely important market for Mitec and we are committed to ensuring it remains a priority as we continue to grow our product line with both current and new customers around the globe."

"For over 35 years, Mitec has been a trusted supplier of wireless and satellite products and solutions. We are proud of the fact that our technology has played a vital role in applications that enable wireless communication in virtually every corner of the world," said Robert Mitchell, Vice President, Global Marketing and Sales.

About Mitec Telecom Inc.

Mitec is a leading designer and provider of radio frequency (RF) products for the telecommunications and satellite communications industries, as well as a variety of other sectors. Mitec sells its products worldwide to network providers for incorporation into high-performing wireless networks used in voice and data/internet communications. Headquartered in Montreal, Canada, Mitec also operates facilities in California and China. Mitec is listed on the Toronto Stock Exchange under the symbol MTM. On-line information about Mitec is available at mitectelecom.com.
