MITEC SIGNS SIGNIFICANT GENERAL PURCHASE AGREEMENT WITH NEW TELECOM CUSTOMER

Montreal, November 13, 2008 - Mitec Telecom (TSX: MTM), a leading designer and manufacturer of mobile wireless, fixed wireless, broadcast and satellite components, announced today that it has been selected to supply products from its fixed wireless product line to one of the world's largest telecom providers.

"This opportunity involves a new relationship with one of the largest global telecom players, a particularly exciting development for Mitec because it further broadens our customer base which is a key objective of our growth strategy", Mitec CEO Dan Piergentili said. "Facilitating the relationship through a general purchase agreement is further proof that Mitec is proving itself with large scale equipment providers."

A general purchase agreement is the centerpiece for sustaining long-term business relationships in the telecom industry. It outlines the general terms and conditions that govern purchase orders from a particular customer. Mitec expects to receive its initial orders from this customer in the near future.

"This is a significant deal for Mitec because it helps reduce our reliance on any single customer or product. It also has the potential to deliver results that equal our present day wireless business, which had revenues of \$15 million in 2008, over the next several years," Piergentili concluded.

About Mitec Telecom

Mitec Telecom is a leading designer and provider of radio frequency (RF) products for the telecommunications and satellite communications industries, as well as a variety of other sectors. The Corporation sells its products worldwide to network providers for incorporation into high-performing wireless networks used in voice and data/internet communications. Headquartered in Montreal, Canada, the Corporation also operates facilities in California and China. Mitec Telecom Inc. is listed on the Toronto Stock Exchange under the symbol MTM. On-line information about Mitec Telecom is available at www.mitectelecom.com.

Please note: Mitec is generally not able to disclose the names of its major customers or transaction financial data in press releases due to confidentiality provisions that prevent the release of its customers' sensitive competitive information.

Certain statements in this release, including statements regarding future results and performance, are forward-looking statements based on current expectations. The accuracy of such statements is subject to a number of risks, uncertainties and assumptions that may cause actual results to differ materially from those projected, including, but not limited to, the effect of general economic conditions, decreases in demand for the Corporation's products, fluctuations in selling prices and adverse changes in general market and industry conditions and other factors listed in the Corporation's public filings with the appropriate securities regulatory authorities.
